Career Objective

With a comprehensive background spanning various facets of media production and project management, I am in a unique position to lend my expertise in content creation, financial oversight, and strategic planning. I find creative solutions to production issues that ultimately drive revenue and save company resources and time. I also lead new initiatives that grow the business, this includes video podcasts, field shoots, and studio production just to name a few.

Work History

CNN Digital

8/2018 - Present

Production Manager

New York, New York

I leverage my strong communication skills to collaborate with news and documentary producers. Responsibilities include leading gear procurement and management, budgeting, digital live shows TPM/TD, leading lighting camera/lighting/sound system, facilitating internal production, and strategically solving production challenges.

Kollins Communications

1/2018 - 8/2018

Project Manager

Ramsey, NJ

Led a team supporting Samsung, BJ's Wholesale, and Kith in retail display maintenance and installation. Oversaw end-to-end production, including planning, estimating, quality control, and documentation. Managed an account for content across 280+ BJ's Wholesales stores' TV displays.

Arri Rental

8/2017 - 1/2018

Floor technician

Secaucus, NJ

Collaborated with DPs and ACs to coordinate camera and lighting equipment for feature films and TV shows. Oversaw equipment inventory, distribution, and organization.

About Me – During my free time, you'll find me taking care of my Golden Retriever, Jerry, enjoying soccer through watching or playing, and playing golf!
